ENVIRONMENTAL MULTIPLE AWARD CONTRACT (EMAC) FLORIDA INSTALLATIONS

Under this contract, Bhate is for responsible performing remedial actions at environmentally contaminated sites predominately located at Navy and Marine Corps installations and other Government agencies in Florida. These services include:

- Perform remedial and removal actions
- Perform expedited and emergency response actions at sites
- Perform pilot and treatability studies
- Provide facility operation, maintenance, and instruction
- Performing other related activities associated with returning sites to safe and acceptable levels
- Developing work plans
- Regulations under RCRA, CERCLA, Toxic Substances Control Act (TSCA), and Solid Waste Disposal Act (SWDA)
- Contamination including solvents, POL, metals, acids, bases, reactives, non-explosive ordnance residues or compounds, polychlorinated biphenyls (PCBs), and pesticides
- Asbestos and Lead Based Paint abatement, demolition, and renovation
- Traditional Construction Services
- Demolition management and oversight

"The Bhate Team has consistently demonstrated high levels of enthusiasm, professionalism, and technical competence while working on many varied and challenging environmental projects. In every case, your firm succeeded in providing quality products and services on time or ahead of schedule."

Former Commander L.P. Scullion
Department of the Navy, Southern Division
